

TripStrip Remote Printer

When used with TempTale monitors, the TripStrip™ Remote Printer gives you immediate access to your time/temperature graph information without the need for a computer or software. The TripStrip provides you with essential information, so you can make quick, on-the-spot, accept or reject decisions about a shipment.

Features and Benefits

- » Easy-to-use
- » Prints time/temperature graph and trip summary information
- » Lets you print multiple copies of the same trip information
- » Available in portable (rechargeable battery) or stationary (AC) models
- » With a thermal printer, you never need to change an ink cartridge
